Diagnostic de performance énergétique (DPE)

In rue Saint-Jacques in a free stone building dating to 1880 and equipped with a lift, this charming apartment has very open views and plenty of light despite its location on the 1st floor.

The apartment still has all of it's original features but a complete renovation will be needed. The natural floor plan will make for 2 sitting rooms, a separate kitchen, 2 bedrooms and one bathroom.

The immediate area is replete with amenities, not to mention most of the city's best school.

Sold with a cellar.
